Colorful Coral Reef Hotels

by Angelina H.

Purple, green,
orange, blue,
yellow, red, magenta too
Hold your breath until you fall
We're like a town of underwater colorful hotels
or even a world
Hold your breath until you see like a
you rise galaxy
We are corals, we are hotels, we are a world of colorful hotels

Squid

by James A.

A squid is fast
but always last. A squid is
like a tube that shoots smoke.
A squid is fast and past other
sea animals. It is big it is red it is like
a big coral reef. Some day
it will be bright, gold, happy, and
an escaper. If a squid was in
jail it would just flush down
the toilet, down down down into the blue
big wavy ocean and get fast again!!!!

Are you like a squid?
